under one worth, which lowers the value for each book in the event that they have been offered separately.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the brand new e-book, but do not embrace a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out costs by making a variety of duplicate sales pages with completely different costs on every page. Ensure your gross sales copy is exactly the similar on each page, and contains your promoting-deal with sentence. Then figure out for each page the

conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.
