## Advertising Strategies

The important thing that unlocks the sales potential of your e-book is to find a single sentence that turns into your promoting handle. This sentence states what query or drawback your book solutions and the benefits your e book can provide. Then be sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides selling your books assiduously online, there are a number of other strategies that may provide help to sell extra books.

One is to present something away free of charge with your book, corresponding to a helpful bonus item. Or bundle several ebooks under one worth, which lowers the worth for each e book in the event that they had been bought separately.

An effective approach for determining a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a sales web page for the brand new ebook, but do not embrace a price on that

page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the same on every page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum worth is.

In the end, if you've written a ebook that solves a drawback or presents a brand new technique, your e-book will bring in each visitors and profits. So be sure to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your *Sitemap E* guide will likely be to the purchasers who buy it.
