Then remember to use that sentence in each piece of sales and promotional materials, and each time anyone asks you about your ebook.

Moreover selling your books assiduously on-line, there are several different strategies that can show you how to sell extra books.

One is to give one thing away totally free along with your ebook, similar to a priceless bonus item. Or bundle several ebooks under one price, which lowers the value for every ebook in the event that they have been bought separately.

An efficient method for determining a worth is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a sales web page for the new e book, but do not embrace a price on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Be certain that your gross sales copy is exactly the identical on each page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum worth is.

Finally, for those who've written a e book that solves a drawback or presents a new approach, your e-book will herald both site visitors and profits. So make sure you write that promoting-handle sentence that sums up what downside your e book solves and what the advantages of your *Sitemap Y* ebook might be to the purchasers who purchase it. And then watch your market come to you!
